Policy on Parking and Traffic

PURPOSE:

The purpose of this parking and traffic policy is to establish regulations and guidelines to administer the vehicular traffic and parking on campus. Specifically the policy will: 1) expedite university business and provide maximum safety and convenience; 2) regulate parking, with priority given to services of the university; and 3) provide and maintain suitable campus parking and traffic facilities.

BACKGROUND:

The concept of “pay for parking” on the campuses of the California State University is at the direction of the State Legislature and is based on the philosophy that parking facilities must be paid for by the user.

Authority for establishing regulations and guidelines relating to vehicles on state university property is vested in the University’s President, pursuant to Title 5, Article 7, section 42200 and 42201 of the California Code of Regulations and section 21133(a) of the California Vehicle Code.

POLICY:

Accountability:

The Chief of Police and the Director of Transportation and Parking Services.

Applicability:

This policy applies to all California State University Channel Islands (CSUCI) employees, students, tenants, volunteers and visitors.

Definition(s):

Students - Students are defined as anyone that is enrolled in classes and is primarily on campus to pursue their educational goals. This excludes full time and permanent part time employees.

Employees - For the purpose of this policy, “employees” includes all faculty, staff, temporary employees, and other support personnel employed by the university, excluding unit 11 employees. (Note: Student part time workers, graduate assistants and teaching associates are excluded from this definition because they are primarily on campus for purposes related to obtaining their educational goal and therefore are not considered employees for the purpose of the policy.)

Tenants - Tenants are defined as any organization, person or employees of an organization or person(s) with an executed lease with CSUCI.
