PURPOSE:

BACKGROUND:

California Code of Regulations (CCR), Title 5, Division 5, Chapter 1, Subchapter 7, Section 42700 (n) “Executive employee” means an employee with primary responsibility for the execution of policy and includes the Chancellor, vice chancellors and the campus presidents.

POLICY:

Accountability:

The policies of the University are acts of the President, and the President is accountable for their content and enforcement.

Applicability:

This policy applies to all CSUCI faculty, staff or students with policy issuance responsibilities.

Definition(s):

Policy is a system of principles that guide the management of the University's affairs. Policies select courses of action in a context of well-understood goals and appropriate strategies. These goals and strategies are recorded in policy statements and communicated to the University community.

Policy Text:

All administrative and academic policies are acts of the President, and no policy shall be enforced without the approval of the President.

Policies shall be developed, revised and recommended to the President by the appropriate administrative or academic unit of the University in consultation with other groups across the University who may be affected by the implementation of a particular policy. In particular, academic policies shall be developed and recommended to the President by the Academic Senate, and administrative policies shall be developed and recommended to the President by the President’s Planning and Policy Council (PPPC). Policies that are deemed both academic and administrative will be developed by the Academic Senate and PPPC and recommended to the President as shared policies.
